CHEF-PREP®

{ clean and degrease }

For Busy Commercial Kitchens

Chef-Prep® Cleaning Wipes get the job done - no matter the size.

Back-of-house operations require rigorous cleaning. Chef-Prep® Cleaning Wipes are specially designed for busy commercial kitchens for use on various hard, non-porous surfaces like food prep tables, countertops, cutting boards and kitchen appliances. Chef-Prep® Cleaning Wipes are dual-textured - the scrubby side for tough, hard to clean dirt and the smooth side for light cleanup applications.

- FDA Food Code Compliant
- Dual-textured (scrubby & smooth) to clean and degrease before sanitizing
- Regular use prevents grease build-up
- Easy Dispensing. Simply pull, wipe, and toss.

The Perfect Pair to Clean and Sanitize.

Use Chef-Prep® with Sani-Wipe® No-Rinse Sanitizing Wipes for an easy 2-step cleaning and sanitizing process. It's an effective way to meet food handling requirements. No more green or red buckets!

STEP ONE: Wipe with Chef-Prep® to clean any hard, non-porous food contact surface.

STEP TWO: Wipe with Sani-Wipe® to sanitize same surface. Surface should be visibly wet for 60 seconds to kill bacteria. Allow to air dry. No rinsing required.

Chef-Prep® and Sani-Wipe®. Your Dynamic Duo.

Just Say, "No" to Grease Build-up.

Sani Professional® Brand Chef-Prep® is ideal for: Food Prep Tables • Stainless Steel

• Porcelain • Aluminum • Countertops • Walls • Scales • Cutting Boards • Refrigerators and Other Appliances
