# SANI-CLOTH<sup>®</sup>

{ disinfecting wipes }

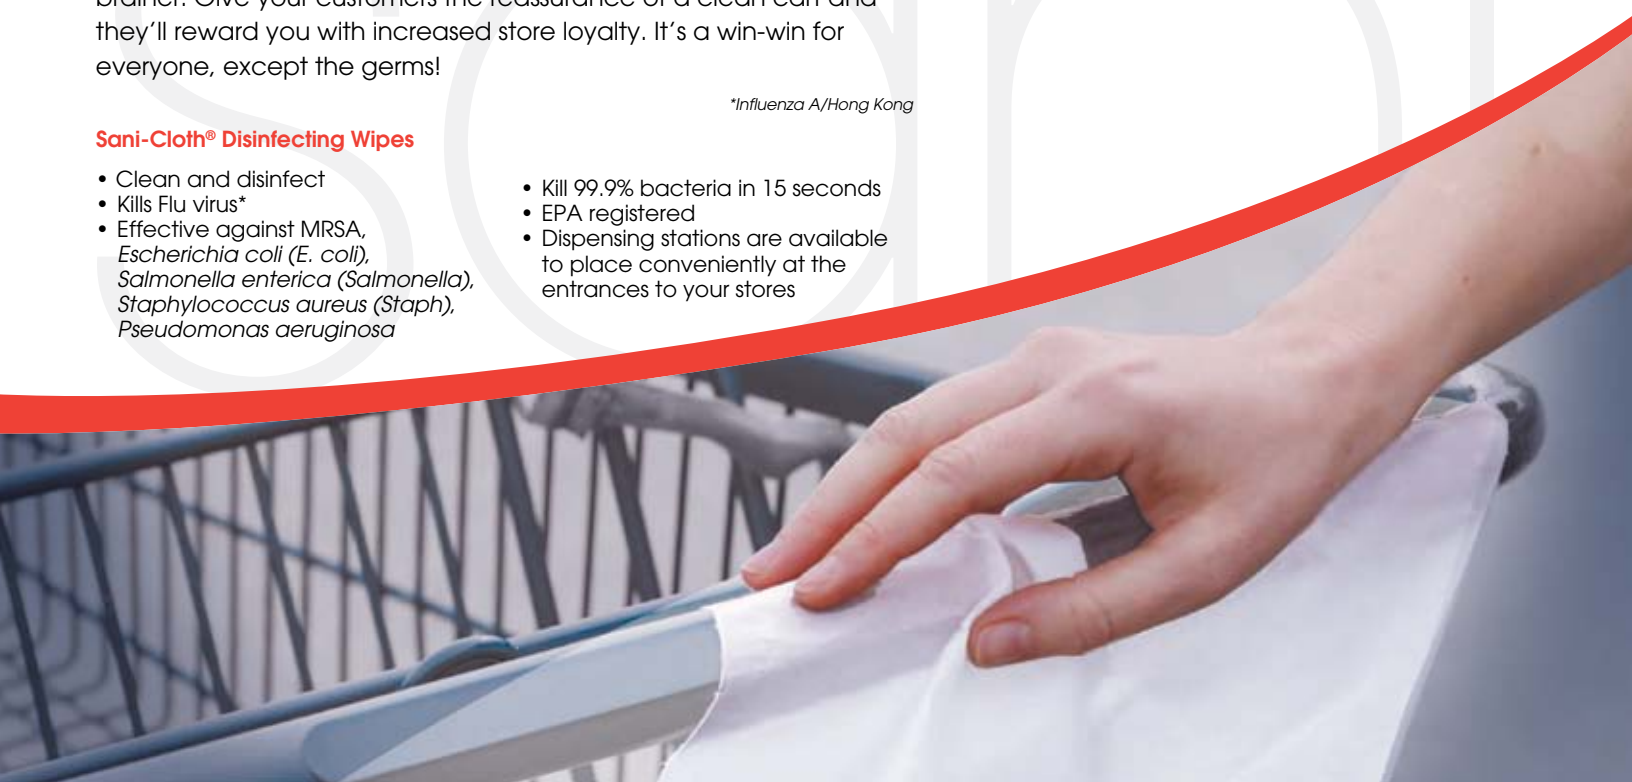

## What do customers dislike more than a cart with a wobbly wheel?

A dirty cart. Worse still, a cart that can potentially spread harmful bacteria and germs from one customer to the next. Left unsanitized, your stores' carts are delivery devices for germs like *E. coli* and *Salmonella*. Tests performed by labs across the United States confirm these germs – spread from dirty hands, dirty diapers, and leaky fresh meat or poultry packages – are often present on shopping cart handles and baby seats. Sani-Cloth<sup>®</sup> Disinfecting Wipes kill these and other potentially harmful germs, including flu virus\*. It's a no brainer: Give your customers the reassurance of a clean cart and they'll reward you with increased store loyalty. It's a win-win for everyone, except the germs!
